Heaton Norris Park opened its gates 150 years ago — and the community will mark the milestone with three days of celebrations, preceded by a year of build-up events and followed by a legacy programme. The Friends of Heaton Norris Park are recruiting a Coordinator to help deliver this year-long programme of heritage activities, funded by the National Lottery Heritage Fund.

The successful candidate will coordinate activities, budgets and stakeholders across the project — working closely with Stockport Council, local community groups and conservation specialists, and reporting to the Project Steering Group.

- ◆ You're comfortable coordinating budgets, activities and a range of stakeholders.
- ◆ You want to help shape a milestone year for a much-loved local park.
